Talent Development & Daily Activities

Homework & Hangout: students start their afternoon with this structured wind down period where they can enjoy a snack, hammer out some homework, & relax!

Little Foodies/Master Chef Jr. students learn kitchen skills, tastes, and more!

Capoeira brings Portuguese language to life with arts/movement from Brazil!

Athletics is a safe space for building sports and fitness skills for all levels of athletes!

Technology (Coding/Robotics) using the latest programming software and cutting edge robotics curriculum from Virtual Maker University, students create and explore the world of STEM!

Animation and Filmmaking is where 2D, 3D, Claymation, Stop Motion, and more creativity comes to life on screen & behind the scenes in partnership with GX Studios.

Theater/Improv challenges the most inward creativity to rise to the surface for one-of-a-kind performances in front of an audience of peers and families!

Strategy Games and the world of role playing and table top games pairs fantasy with reality while kids play Dungeons and Dragons and more for hours of fun!
